

SANDHIYAA M

Junior Full Stack Developer

Chennai, Tamil Nadu, India | +91 87782 34772 | sandhiyaa1309@gmail.com | [Github-Sandhiyaa](#) | [LinkedIn-Sandhiyaa](#)

PROFESSIONAL SUMMARY

Junior Full Stack Developer with hands-on internship experience across the MEAN/MERN and Java ecosystems, building responsive, production-ready applications with React.js, Angular, Flutter, TypeScript, Java, and SQL-backed REST/JSON services. Certified in Generative AI, Agentic AI & LLM architectures, and AWS cloud fundamentals, with a strong record of translating Figma designs into reusable, accessible UI components in Agile/Scrum teams using Git.

TECHNICAL SKILLS

Languages & Database: Java, C, Python, SQL, JavaScript, TypeScript

Full Stack / Frameworks: MEAN Stack, React.js, Angular, Flutter, Node.js, HTML5, CSS3, Tailwind CSS

Web Services & Cloud: REST API Integration, JSON, HTTP, AWS (Solutions Architect – Associate), Git, GitHub

AI Tools & Practices: Generative AI, Agentic AI & LLM Architectures, ChatGPT, Claude AI, GitHub Copilot, Figma (Design-to-Code), SDLC, Agile/Scrum

INTERNSHIP EXPERIENCE

Frontend Developer Intern — *Veract Consultancy Pvt. Ltd., Chennai*

03/2026 – 07/2026

- Developed 3+ responsive UI screens for a School ERP application using Flutter, React.js, and Tailwind CSS, and 2+ UI screens for a POS application using React.js and Tailwind CSS.
- Converted UI designs into responsive, reusable components; collaborated with the development team using Git to deliver high-quality frontend features.
- Ensured cross-browser compatibility and consistent UI performance across devices using Chrome DevTools.

UI/UX Designer Intern — *Codec Technologies Pvt. Ltd., Chennai*

08/2025 – 11/2025

- Designed wireframes, user flows, and high-fidelity UI designs using Figma across multiple projects, including a Healthcare Appointment System.
- Converted selected UI designs into HTML, CSS, and JavaScript for interaction and layout validation, applying usability and responsive design principles.

Web Developer Intern — *Chennai Metro Rail Limited, Chennai*

05/2024 – 11/2024

- Developed 10+ responsive, pixel-perfect, accessible UI screens using Angular, HTML, CSS, and TypeScript from Figma designs.
- Improved UI performance by 25% using reusable Angular components and integrated REST APIs for real-time data rendering in an Agile environment.

UI Designer Intern — *Codsoft, Chennai*

11/2023 – 12/2023

- Designed UI screens, wireframes, and interactive prototypes using Figma, focusing on layout consistency and user-centric design.

PROJECTS

EV Charging Station Booking Web Application — *Angular, TypeScript, HTML5, CSS3*

2025

- Designed and developed a responsive UI for locating and booking EV charging stations, with reusable Angular components and routing for smooth navigation.
- Implemented slot booking and dashboard interfaces with map-based visualization and UI state management for available, booked, and unavailable slots.

COPD Detection Using Breath Sound Analysis (Academic) — *Python, TensorFlow, Matplotlib*

2025

- Built a deep learning project to detect COPD from breath sound datasets, gaining exposure to ML workflows, feature extraction, and model evaluation.

CERTIFICATIONS

- Diploma in Secure MEAN Stack Developer — Alison
- Diploma in AWS Solutions Architect – Associate — Alison
- Generative AI Fundamentals Accreditation — Databricks
- Introduction to Agentic AI & LLM Architectures — Simplilearn
- Introduction to Web Development with ChatGPT (React.js, Tailwind CSS) — Simplilearn
- Generative AI for Beginners — Simplilearn

EDUCATION

Bachelor of Engineering – Computer Science Engineering, CGPA: 8.2

10/2021 – 05/2025

Prince Shri Venkateshwara Padmavathy Engineering College, Chennai

New Prince Matriculation Higher Secondary School, Chennai — HSC (2021): 88% | SSLC (2019): 83%

ACHIEVEMENTS & PARTICIPATION

- Patent: E-Vehicle Charging Station (Patent No: 202441025073 A)
- Hackathons: Socio Tech Hackathon 2024 | Smart India Hackathon 2023
